HD Tents

BLACKOUT TENT

In the HD world, the Director and DP are spending more time in the "Video Village" tent, where image quality is increasingly more important. Our tent is made from our highlyversatile Ultrabounce® with black on the inside for light control and a white exterior to reflect heat. Available in 5' x 5', 8' x 8', 10' x 10', for sale.

4 X 4 ULTRABOUNCE® FLOPPY TENTS

We also carry a 4 X 4 3-sided and 4-sided Ultrabounce® Floppy. These floppies are designed to be a portable Viewing Tent, with 3 or 4 walls. The interior of the tent is black, making this a very effective tool for viewing monitors on location..
