## HEAT FABRICS

### TAN HEAT CLOTH

Our Tan (Natural) Heat Cloth offers continuous protection to 1800°F and is available in a 36" (0.91m) width. Stocked in 18" X 24", 24" X 36", 24" X 48", 24" X 60", 24" X 72", and 48" X 48" covered stainless steel frames.

### BLACK HEAT CLOTH

Our Black Heat Cloth offers a continuous protection to 1500°F, which is available in a 60" (1.52m) width. Stocked in 18" X 24", 24" X 36", 24" X 48", 24" X 60", 24" X 72", and 48" X 48" covered stainless steel frames.

### BLACK DUVETYNE HEAT CLOTH

Our newest Heat Cloth, Black Duvetyne Heat Cloth, is a far superior product than the traditional heat cloths. This product offers effective heat blocking and will not burn, melt, or drip. This self-extinguishing product can be sewn into our stainless steel flag frames (think about replacing those heavy, outdated metal flags). Available in 80" (203.2cm), it has a finish texture similar to Duvetyne and offers continuous protection of 500°F and 1000°F. Stocked in 18" X 24", 24" X 36", 24" X 48", 24" X 60", 24" X 72", and 48" X 48" covered stainless steel frames.

### SINGLE AND DOUBLE STAINLESS STEEL WIRE NET

If you are looking for extremely durable single and double flag frames, this is the product for you! These stainless steel singles and doubles are designed to withstand heat, handle moisture without rusting, and will outlast traditional net fabrics. Available in various frame sizes for sale; recovers also available.
