Available in 54" (1.37m) or made to order finished rag in any size for sale, or for rental from a huge variety of stock and custom sizes.

The unique pattern in this silver bounce allows wind to pass through it as well as breaking up the light so that you have little or no movement in the bounce. Available as a raw fabric, or made to order finished rag in any size for sale, or for rental from a huge variety of stock and custom sizes.
